

The Oasis of Peace Primary School

Our first grade - A “personal account”

based on interviews with the class' educators and children:

Dear Friends,

This is our first year in the Oasis of Peace Primary School. Our homeroom teachers are Berna Layos and Shuli Elbaz.

We worked hard this year to acquire both Arabic and Hebrew and only now, towards the end of the school year, can our teachers say that most of us are really literate in both. It's not so easy sometimes, but it's great fun.

Our favorite subject this year was “Family and Friendship”. We got to know each other and our families, and shared how we feel at home, among our friends, in the class and in school. This experience brought us closer together and now we really feel as one unit.

At school, we are the youngest. Sometimes it's hard, when the older children treat us like babies (which we are not!). On the other hand, as the youngest, we get special attention and “treats”. For instance, in the photo you can see some of us who got the privilege to see the first rehearsal of the 6th grade planned graduation show. You cannot see the performers, however you can see how much we enjoy.

Thank you for all your support and care,

From the children and teachers of the first grade
