## **Our sixth grade - A “personal account”**

based on interviews with the classes' educators and children:

Dear Friends,

We will soon be graduating from the sixth grade of the Oasis of Peace Primary School. Our homeroom teacher is Faten Zinati, who has been educating us for the last 4 years. Eve Zari is working with her as a co-teacher.

During our years here, the school was the center of our lives – sometimes not so easy, other times with a lot of learning and fun. However, only now, when parting time is drawing near, we begin to grasp how much we shall all miss our friends, our teachers, this dear place.

We are deep in preparations for our graduation party. The highlight will be a Debka dance that a famous Debka teacher has taught us (see photo), and a Jazz dance organized by girls from our class. Our teachers thought that it would not work – girls and boys of our age dancing together? Moreover, Palestinians and Jews, with our different cultures. But how surprised they were! We really enjoy these dances. They actually bring us closer together.

It's going to be difficult to say farewell to all our good friends and the good years we had here. It's going to be difficult for us and for our teachers. We have learned a lot and will always remember with warmth our dear Oasis of Peace Primary School.

We thank you all for your support and care,  
From the children and teachers of the sixth grade
